

O QUOTIDIANO

Cozinhava-se – e havia panelas e tachos. Comia-se – e havia talheres e pratos. Cortava-se lenha – e havia podoadas e machados. Faziam-se móveis, portas e janelas – e tinham-se pregos, cavilhas... Havia festa? – Alfinetes para o cabelo, anéis, pulseiras, cosméticos...

Utensils of everyday life

They cooked – thus they had pots and pans; they ate – thus they had forks, spoons and plates; they cut firewood – thus they had knives and axes; they made furniture, doors and windows – thus they had nails and bolts... But were there any festivals or celebrations? We found hairpins, finger rings, bracelets, small vials for cosmetics...
